

All About Hip Hop Dance

Hip hop dance refers to dance styles, mainly street dance styles, that are usually danced to hip hop music, or that have developed as a part of the hip hop culture.

The first and original dance associated with hip hop is breakdance, which appeared in New York City during the early 1970s.

Newer styles are sometimes referred to as *new school* or *new style*. Many of the newer styles of hip hop can be seen in music videos on television.

Hip hop dancing has become more popular with the development of hip hop music and the media.
